

# English Task 27<sup>th</sup> January 2021

Do you remember the Nursery Rhyme Three Blind Mice?

Here are the words of it...

*Three blind mice, three blind mice,  
See how they run, see how they run,  
They all ran after the farmer's wife,  
Who cut off their tails with a carving knife,  
Did you ever see such a thing in your life,  
As three blind mice?*

In Little Mouse's Big Book of Fears, Emily Gravett tells the story of the Three Blind Mice as a newspaper article...

There is even an advertisement for knives!

I wondered if you could make your own story of The Three Blind Mice. Maybe they could get their sight back and get their revenge on the Farmer's Wife!

If possible, I would like you to write the story in handwriting on paper and send me a photograph so I can check if you are still using neat, joined up handwriting!

Here is your title:

*The Real Story of the Three Blind Mice*

and your starting sentence... *We had just has our tails cut off and we were feeling very angry!*

## My story

27-01-21

### The real story of the three blind mice! by Beta

We had just had our tails cut off and we were feeling very angry!

We were thinking of a plan to get revenge on the farmer's wife. One of our ideas was to cut her tail off, but we had just remembered that humans don't have tails. After that idea most of our other plans were just jokes.

All of a sudden we heard a... Tap! Tap! Tap!  
We didn't know who it was or what it was, but then we heard it say "Speak! Hello it is I the wizard mouse."  
"because I am a nice wizard mouse, I will use my powers to make you see again, because I heard what the farmer's wife done."

We stood still in excitement, but then we heard a sound, the sound sounded like this, Wash! Bang!  
And it was a miracle we could see again! But the wizard mouse disappeared!

Then we had an idea of how to get revenge on the farmer's wife, the idea was to get as much mice as we could and tie her up.

So we started our journey to find more mice. We went into a forest and we found 3 mice that wanted to help, and then we went to our friend's house and we found lots of other mice the way there. But then we had a different idea. But we went to the farmer's wife's house, we sneaked into her kitchen and replaced all her sharp objects with rubber tays, then we took out all her light bulbs so she couldn't see! "AAAh!" we heard her scream hehe...
